

Sacramento PITS Youth Program

As the new youth coordinator I am looking for some volunteers to do a youth training event. I would like to schedule a training session for our youth following the Granite Trials on Oct 8th. Or at the proposed training day in the future at Prairie City. I am looking for 3 or 4 advanced riders to do a short riding class. This would be open to any interested PITS youth riders looking to learn new skills. This will help me get me ideas from the youth as to what they might want for a “youth team”. I am also requesting that all parents of interested youth contact me to give me feedback on the youth program (goals, expectations, training, fund raising, uniforms, etc.)

I can be reached at MSL8@wildblue.net or at (530) 417-6380 Mike

The youth are the future of this club, please help support them.

Thanks

Mike Slaight
