Details for Saturday's Family/Gate Trial

THIS EVENT IS FOR RIDERS OF ALL LEVELS, BEGINNERS - EXPERTS

8 sections 4 loops. For this event my sections will have 9 gates per section, with a maximum of 10 points available in each section. Thus because just riding from the start gate to the exit gate will earn you 1 point along with an additional point for each gate completed. Riders sign up in their normal Saturday class as far as points go, and for the competition for finisher trophies there will be 3 groups, 1,2,3,4 line riders or Sportsman-IntB are in one group and 0 line riders or IntA-EXP are in another group. And a newly added Twin shock group! FUN! FUN! FUN!

Questions Please call Bryce (209) 642-1142

Thanks

Bryce Pophal

Rules for 'Gate' Trials (modified and simplified)

Known as the "Moreland System," this scoring replaces the conventional 1, 2, 3, 5 with a series of gates within the section. These gates are all of the same value. The number of gates in the section is arbitrary. The maximum total value of a section will be 10 points. The section is bound by the normal boundaries and conventional start/ finish gates are used. In a trial scored under the Moreland Gate System riders are free to choose their own path through each section. There will be several obstacles (gates) to choose from in each section. The rider gains one bonus point for each gate completed, but must ride from in-gate to out-gate entire section without dabbing. If the rider dabs even once, all score is lost for that ride. High score wins.

Riding Rules:

1. The rider may choose to ride any or all of the gates. Many combinations are possible.
2. The rider must enter each gate from the start side. This is the side with the gate marking visible, and must obviously go between a matched pair of markers.
3. Riders may go through a gate only once, and may not cross their path or go out of bounds to enter a gate. All modern trials skills may be used; stopping in balance, hopping, etc.

Scoring Rules:

Only totally clean rides are scored; i.e. no errors or failures anywhere in the section. Once the rider enters the section he can attempt any or all gates but only a clean ride from start to finish is counted. Any error results in a no score for that attempt. The rider with the HIGHEST SCORE will be the winner for the class.
